PROFESSIONAL EXPERIENCE

Dynamic Dreamz | React Native Developer*Aug 2024 – Present*

- Enhanced app performance and UI/UX for 13+ major e-commerce brands using Appmaker.xyz (React Native), achieving up to 30% improvement in load times and responsiveness.
- Delivered feature upgrades for globally recognized brands — GNC India, Kalki Fashion, Bellavita Organic, BSC, and Voyage Eyewear — driving measurable improvements in user engagement and conversion rates.
- Integrated GoKwik, Zecpay, Appsflyer, and Firebase across multiple apps to enable frictionless checkout flows and real-time analytics.
- Collaborated with designers, QA, and product managers in Agile sprints to ship responsive, production-ready mobile applications on schedule.

Sarvagya SoftTech | Full-Stack Developer (React Native + Node.js)*Jun 2023 – Jul 2024*

- Architected and shipped full-stack mobile applications using React Native (frontend) and Node.js/MongoDB (backend), supporting thousands of concurrent users.
- Designed optimized RESTful APIs with Express.js, reducing average API response time and improving overall app stability.
- Built pixel-perfect, responsive UI components from Figma designs, ensuring cross-platform consistency on both iOS and Android.
- Implemented B2B platform features for Midshires and PrintBind International, including advanced product filters, specification viewers, and supplier inquiry workflows.

KEY PROJECTS

Personal Projects

RentEase App — *React Native CLI | Node.js | MongoDB | Figma*

- Built a full-stack property rental platform with real-time chat, location-based search, and smart owner-tenant matching; reduced listing discovery time through intuitive filter and preference flows.

ShopEZ Mall App — *React Native CLI | Figma*

- Developed an in-mall navigation and shopping app with personalized promotions, seamless checkout, and smart product search; enhanced in-store digital experience end-to-end.

eWallet – Personal Finance App — *React Native CLI*

- Engineered a mobile wallet with budget tracking, expense analytics dashboards, and secure transaction history; empowered users to monitor spending in real time.

Expense Tracker App — *React Native Expo | TypeScript | MERN*

- Created a full-featured finance management app with category-based expense tracking, monthly budget alerts, and interactive Chart.js visualizations for actionable financial insights.

Client Projects

GNC India — *Appmaker.xyz | React Native Expo | GraphQL | GoKwik | Zecpay | Appsflyer | Firebase*

- Enhanced supplement store app with advanced product filters, GoKwik one-click checkout integration, and optimized GraphQL queries — improving shopping performance and reducing cart abandonment.

Kalki Fashion — *Appmaker.xyz | React Native Expo*

- Optimized luxury ethnic wear app with improved category navigation, search autocomplete, and lazy-loaded image gallery — delivering a premium browsing experience.

Bellavita Organic — *Appmaker.xyz | React Native Expo | GoKwik | Firebase | GraphQL*

- Refined fragrance e-commerce app with smoother product filters, persistent cart management via Firebase, and interactive product pages boosting engagement.

Midshires – B2B Electrical Platform — *React Native CLI | Redux | TanStack Query*

- Built multi-parameter product filter and order management workflows for a B2B electrical & lighting platform; integrated TanStack Query caching to cut redundant API calls by ~40%.

PrintBind International – B2B App — *React Native CLI | Redux | TanStack Query | Firebase | Figma*

- Developed B2B catalogue app connecting clients with printing suppliers globally, featuring specification viewers, PDF downloads, and Firebase-powered supplier inquiry notifications.

Voyage Eyewear — *Appmaker.xyz | React Native Expo*

- Delivered fast-loading eyewear e-commerce app with product preview, optimized image caching, and refined cart/wishlist UX — improving responsiveness and conversion.
